The Arts course was amazing, it was so interesting to see the Art work of students at such a high level. We had the opportunity to ask university students questions about their progress and development. This was especially important for me as many of the students we met were international and really demonstrated passion and determination to make it in London, which is the future I see for myself as well."

"We got to see lots of classical work and some top Art Colleges, but what I found most interesting was the commercial galleries that we visited.
