

Summer 2017

Welcome

We are delighted that our programs interest you. We are convinced that our camps are the best place to enjoy summer and winter vacations.

We offer your child an unforgettable summer full of action at the foot of Mont Blanc.

- **Study a foreign language** by total immersion in an international setting with a multi-lingual team and with campers from all over the world.
- **Become an international citizen** by living in a multicultural context with continuous interaction among peers, which naturally leads to the respect of others.
- **Learn about themselves** and blossom by exploring all their talents. Exceed their limits to achieve significant accomplishments through sports and discovery activities, and the creative workshops which comprise much of the daily activities of the camp.

All of this takes place in an environment which is friendly and secure, the essential building blocks of constructive and stimulating learning.

New

The strengths

A camp which adapts to each child and looks after their individual needs in a family atmosphere

- Individual care and attention for each child
- The number of campers is limited to 50 / session to ensure individual attention
- Cultural interaction between the children from different origins (minimum of 8 nationalities per session)
- Arrival and departure at your convenience : possibility of transfers to and from the airport at any time and the flexibility with arrival and departure dates
- Any concerns can be addressed with the director
- Special diets catered (for different reasons: medical, religious, allergies, weight...)
- Any issues raised beforehand will be taken into account (medical or emotional)
- Camp Director available by telephone 24 hours a day
- Children can be contacted by cellphone
- Laundry service included
- Restaurant table service with meals adapted for the children

How we make the difference:

- Intensive daily language courses with qualified and experienced native speaking teachers
- Small groups (maximum 8 per class) for language learning for better progression
- The use of multimedia equipment for more fun and interactive lessons
- The quality of the staff who are permanently present with the children with a ratio of 1 qualified counselor to 6 campers
- Sporting activities run by professionals
- The quality of the accommodations in a prestigious hotel ((bathroom in each room) and meals served at the table
- An international clientele, a real cultural mix
- A 20 year experience of organizing camps

Services included

- Payment by credit card accepted
- Simplified enrollment procedure and possibility of on-line enrollment
- Camp Director available by telephone 24 hours a day
- Classroom material provided
- A welcome kit (T-shirt, souvenir USB key, ..)

Live the languages

Language lessons

During the morning, we offer English and French lessons based on the programs designed for the University of Cambridge and Alliance Française examinations.

All of our teachers are qualified and experienced in teaching young people; the teachers are all native speakers. Their motivation is behind the specific character of our program and guarantees its success.

We want our lessons to be lively and different from typical school lessons. The language classes are limited to a maximum of eight participants per class. They are set up based on the level of the children, allowing greater participation and improvement.

We focus on conversation and gaining confidence.

Our aim is to teach languages to children so they can progress and enrich their vocabulary while enjoying learning.

Lessons are based on the direct method and require the active participation of the student. Teachers work exclusively in their native language.

During the summer camps, to use their linguistic knowledge, the campers produce a play assisted by the teachers and counselors. Each child can give their best performance by having fun.

Mission and educational objectives

We are a European camp for children and teens from 7 to 17 years old from all around the world.

Children have the opportunity to develop their linguistic skills, discover new activities and learn about other cultures. Our linguistic camps not only feature foreign language study, but also encourage participants to discover new cultures, make new friends from all over the world, invest in themselves within an international community, and explore their talents. Everything is in place to install a climate of confidence, and we encourage our campers to be active in their own learning, creating the desire to continue to learn and to communicate.

We use 'MULTIPLE INTELLIGENCES' in our teaching methods.

One of ILC's missions is to help our campers discover their inner strengths and use their resources to their advantage. They make tremendous strides in self-confidence, and flourish in everything that they try.

Supervision and safety

Supervision

Our team members are selected for their experience with children, for their age and their training. They are all bilingual.

The staff/child ratio is above the current requirement by the French government. We have one adult for six children maximum.

They are enthusiastic and capable of motivating and adapting to the children for whom they are responsible. They accompany the children during each sports activity or excursion and act as models and guides for the campers. Natural leadership, organizational skills, good humor and an in-depth knowledge of the needs of our groups create a good team; many of the counselors have been returning for several years. Our director, the language teachers, and the counselors undoubtedly represent the principal factors in ensuring an experience that the children will remember for a long time to come.

Our team is experienced, qualified, and competent and entirely dedicated to the personal development of the children.

Safety and security

Security is an essential part of our camps: the children are supervised 24 hours a day.

Megève provides a peaceful and safe environment.

All the service providers are qualified in their relevant activities (mountain guide, ski instructor...) and the counselors stay with the group. Our responsibility is very important to us and we perfectly understand the concerns of each parent when their child is away from home.

We take every precaution to ensure the health and safety of our participants.

We will, of course, make sure the children take their medicines as necessary.

Safety and security is an essential part of our camps.

The setting

Our summer and winter camps are located in Megève, a French ski resort with an international reputation.

Megève is located in the heart of the Savoy Alps, close to Switzerland and Italy. Located in a preserved mountain environment at 1113 meters, **Megève is a safe and secure village with a delicate charm far from the city life.** Megève combines the charm and elegance of a winter and summer sports resort with a real Savoy village, rich in its history and its people. In the summer, Megève invites you to enjoy walks, mountain biking and horse riding, along with water and air sports.

Perfectly equipped with a sports infrastructure, Megève offers a wide choice of activities linked to the mountains and comes to life in the summer with a large classical music festival and a jazz competition which everyone can enjoy. There are wonderful nature walks and you can make all kinds of discoveries by following paths, animal tracks, or the clouds.

The nearest international airport is Geneva, and access to Megève is easy at only 75 kilometers.

Exceptional accommodations

We consider the quality of the accommodations to be an essential condition for the well being of our campers and therefore our programs are organized solely in top quality hotels.

The children appreciate their stay in one of the rooms decorated in the alpine style synonymous with calm, comfort and relaxation. The hotel, very close to the center of Megève and the school, combines tradition and comfort.

Children are allocated their rooms depending on the following criteria: same sex, same age group, different native languages.

As safety and security are of top importance in our camps, the counselors' rooms are situated close to the children's rooms, on the same floor.

We are the only camp organizers to propose accommodations of this quality.

We are very conscious of allowing the campers time to rest, as needed. Bedtime varies, therefore, depending on their age and the activities planned in the program.

To maintain an organization at a comfortable level, we deliberately limit capacity to 50 children / session. This allows us to create a multicultural dynamic and to look after the well being of each of our participants.

Meals

Children have their lunchtime meals in a restaurant very close to the school and the evening meals in the hotel restaurant. The menus are prepared by the chef who takes into account a balanced diet and the tastes of the children. We can organize special menus (vegetarian, gluten-free, for religious reasons, etc); we just need to be advised in advance.

The facilities

The language lessons and the creative and artistic workshops are held in the school in Megève close to the hotel. We are therefore able to use all of the established infrastructure (classrooms, sports facilities ...)

The activities

Every day includes a complete and different program, guaranteeing fun! It's in a friendly environment, and in safety, that our enthusiastic and dedicated staff organizes the activities of the day. We organize sports and enjoyable activities outside or inside (in bad weather) using the large number of facilities in and around Megève.

Campers will participate in the life of Megève by presenting a show to the people of Megève at the end of the week. This is a way to put into practice everything they have learned during their stay, and also to display their artistic talents. Creative workshops such as video editing, scrapbooking, ... are also proposed.

At the end of the day, we get together for a special event: team games, evening activities, etc. This time is also reserved for reading, dreaming or group discussions.

The aim of these activities is to have fun, to try new activities and it's the chance to 'live the language'.

The aim of these activities is to have fun; but we also focus on providing a multilingual environment, because it is at such a time that campers from all over the world communicate together and share emotions. Our programs are also aimed at developing the talents and

the physical aptitudes of each participant. The activities are diverse and we promote individual adaptation while creating an overall positive effect on the group. The activities proposed are based on the age of the participants and adapted to their wishes. All service providers are qualified in their relevant activity.

Week-end excursions visit impressive sites such as the Mer de Glace (Chamonix Mont-Blanc) or the wonderful Lake Annecy.

Optional one week program : TENNIS, GOLF or MANGA lessons

This year we have optional afternoon sessions with a professional for one week during a 2 week stay :

New

Manga Academy

Manga Lessons 1h / day from Monday to Friday with a manga enthusiast. You will draw your own manga passing through the different stages of conception. You will develop your drawing style, familiarize yourself with the graphic design techniques from Japan, understand the different rules specific to each scenario or construction of the storyline and plune into the world of manga.

July 3 - 7, 2017 and August 7 - 11, 2017

Tennis Academy

Private coaching sessions for beginners or advanced players from Monday to Friday, one hour per day. From young children to teenagers, each player will find a session suited to their level and strength. Personalized advice is given during the lessons and the fun side of learning is never forgotten. Pick up your rackets!

July 2 - August 12, 2017
(Except July 7-21, 2017)

Golf Academy

Coaching sessions for advanced players: 2 hours a day or for beginners: hour and a half a day.

From Monday to Friday
The primary objective is to facilitate the initiation to golf, throughout the week, and to encourage the children to learn by playing as much as possible. This is the notion of golf for everyone.

The second objective is to offer confirmed and high-level players a place adapted to their needs, where they can work on their game in optimal conditions, with the available coaches, to focus on the techniques that will help them to progress. This is the notion of golf for each individual.

July 2 - August 12, 2017

Cost of Sports Options

Manga	200 CHF
Tennis	300 CHF
Golf	300 CHF

The fun program

Live your holidays to the fullest by making new friends, sharing a thousand and one activities, and making nature a passion!

School is finished but at With us learning even during the holiday is a pleasure, as the method of teaching is stimulating and fun!

The camp is perfect for young ones who are leaving home for the first time. The counselors are specialized in looking after this age group and making sure they feel comfortable and confident.

Objectives and spirit

- Experience a summer of discovery in a cosmopolitan atmosphere
- Enjoy an incredible range of activities in the magnificent setting of Megève
- Live in a community, share the camp values in the spirit of respect, and gain a greater understanding of yourself and others.
- Learn or improve your French or English, at your level and your rhythm
- Try new challenges
- Discover life in the Alps through excursions
- Learn independence away from the family

During the FUN camp you will:

Follow an intensive academic program (in the morning): English or French, as a foreign language. Maximum eight students per class, divided into groups depending on level. Varied resources are used (drama, role playing, interactive whiteboards, excursions).

Three one-hour lessons daily with grammar, civilization, comprehension and pronunciation modules.

Take part in your favorite sports

Swimming, ice skating, crazy golf, hiking with dogs, rafting, fishing, climbing, bobsleigh, Adventure Park in the trees, games, hiking in the low mountains, biathlon, acrobatic 'Parkour', Baseball, Archery Tag, Trampoline, Golf....

Discover new cultural and artistic activities

Farm visit, visit to a cheese factory, museum of flora and fauna, theater, arts & crafts, drawing, painting, pottery, animal park, organic lake...

OPTIONS
Tennis, Golf
& Manga

WEEKEND ACTIVITIES

Discover a rich program of excursions:

Climb to the top of the 'Mer de Glace' (Sea of Ice) in Chamonix by funicular railway. The Mer de Glace is one of the most important sites in the valley of Chamonix. It is the largest glacier in France (7 km long and 200m deep). The funicular railway departs from Chamonix and makes its way up the sides of the Aiguilles de Chamonix to an altitude of 1913 m.

Visit Annecy and its lake: tour the historic town of Annecy and experience its beautiful canals and blue-green lake. Annecy is known as 'The Venice of the Alps'!

DRAMA PRODUCTION AND A GOODBYE PARTY

The last day of camp is dedicated to the presentation of a theatrical production, the culmination of the theater and dance workshops. Parents are welcome to attend the show.

The last night is reserved for the disco, where the children can dance while sipping their non-alcoholic beverages!

The intense mountain

program

This program is reserved for a small group of teens, ambitious and sporty. It's geared toward young adventurers who are intrigued by life in the mountains and curious to discover new experiences. This camp is for all those who love nature, challenges and sports who wish to try novel experiences with other young people from around the world.

Objectives and spirit

- Exchange viewpoints with new friends from around the world
- Experience an incredible range of activities in the magnificent setting of Megève
- Learn to master another language
- Create a network of friends from all around the world
- Develop your sense of independence and autonomy

During the Intense week, you will...

Follow a language program in English or French, as a foreign language:

WEEK 1: MOUNTAIN WEEK with 1 hour a day based on our LEADERSHIP program and 2 sports activities per day. Our goal: To encourage taking initiatives and decisions to develop leadership qualities and improve team spirit.

WEEK 2: ADRENALINE WEEK with 3 hours of language lessons and 1 sports activity per day.

Take part in your favorite sports:

Via ferrata, canyoneering, adventure park in the trees, mountain biking, canoeing, hydro speed, rafting, tandem paragliding, sailing on Lake Annecy, laser game, giant zip-wire, swimming, ice skating, climbing, summer bobsleigh games, hiking, karting...

Discover new artistic activities:

Choose from different creative workshops

* The Intense Mountain 2-week program includes a one week Adrenalin program

EVENING ACTIVITIES

In the evenings, a counselor will accompany participants on excursions around the town (such as late-night ice-skating, cinema, shopping etc...). The teens can decide what they would like to do.

WEEKEND ACTIVITIES

Discover a rich program of excursions:

Go to the top of the 'Aiguille du midi' by cable car and walk down. For more than 50 years, the most famous and highest of the Aiguilles de Chamonix has been an essential world attraction. In 20 minutes, the Aiguille du Midi cable car, the highest in Europe, climbs more than 2700m and offers a unique journey from the ground to the sky to reach the panoramic terraces where you can put your finger on the World of the High Mountains.

Visit Annecy and its lake: tour the historic town of Annecy and experience its beautiful canals and blue-green lake. Annecy is known as 'The Venice of the Alps'!

The Kids 3D Animation program

This program is reserved for a group of children who are looking for a creative and innovative workshop. During the ANIMATION workshop, the students will learn different animation techniques (drawing, stop motion, CGI, cut-out) and will produce a short film using one of these techniques.

Objectives and spirit

- Live the language that you are learning
- Enjoy an incredible range of creative activities related to the production of an animated film
- Learn to master another language
- Create a network of friends on 5 continents
- Develop your sense of independence and autonomy

During the Intense week «KIDS 3D ANIMATION», you will...

Follow a language program in English or French, as a foreign language:

WEEK 1: ADRENALIN PROGRAM

3 hours of language lessons and 1 sports activity per day

WEEK 2: 3D ANIMATION WEEK

Follow an intense academic program (3 hours in the morning):

English or French as a foreign language. A maximum of 8 students per class, divided into ability groups. Various tools are used (theatrical expression, role-playing, interactive whiteboards, outings, excursions).

3 modules daily of 1h with grammar, civilization and pronunciation..

During the animation workshop

The children will discover not only the basics of ANIMATION but also the rules and codes of putting together an animated film (shooting image by image, timing etc). The animated films, using the different techniques, will be shown to allow the children to discover the different varieties of film animation.

- The production of a collective animated film will take part over several half days where they will film and record the sound.
- For this workshop, the students from each class will produce the different elements for the production of the film.

* The Kids 3D animation program includes a one week Adrenalin program

WEEKEND ACTIVITIES

Discover a rich program of excursions:
