## Personal Best ↪

Personal Best is the philosophy of learning and teaching for us . We are free from the restrictions of the national curriculum and we can design and deliver courses to meet your needs. Our teachers want to help you to enjoy being mathematicians, artists, humanists, scientists and linguists. You will do the best you can to learn and improve your subject knowledge, your language skills and your communication with others. We hope that what you learn with us will inspire you and help you to be successful now and in the future.

*Find out about CLIL*

## Exciting programme in English - CLIL ↪

Whether or not English is your first language, you will have the opportunity to develop your skills in interpersonal communication and in academic language proficiency. This will help you to study and communicate in the international world of today and tomorrow.

In the English language teaching world, the current term is **CLIL: Content and Language Integrated Learning**. Our programme is individually designed to enable you to learn academic subjects that interest you and at the same time, improve your English language skills.

*"I would definitely recommend **this course** to my friends to improve their knowledge, their grades, to see Britain itself, to meet different nationalities. It is really worth it."*  
 Aizhan, 17, Kazakhstan

*"I came to get help with my GCSEs and I can see a big improvement in my classes already. I study foreign languages and here I could hear them in action! I enjoyed the boarding experience and the trips and activities. If you are British, definitely come!"*  
 Hannah, 14, UK

*More about us*  

## This course is for you if you:

- need to revise a particular academic subject
- are following or planning to follow GCSE, the IB Diploma or A Level courses
- are considering continuing your education in the UK
- plan to use English for study and work in the future
- are looking for a stimulating and enjoyable summer learning experience
- enjoy meeting and communicating with people from a wide range of countries and cultures

## Your welfare

You are looked after 24 hours a day from the moment you are greeted by one of our staff at the airport to when you are checked in for your flight at the end. Our qualified and experienced staff will look after you in a secure, caring and supportive environment.

# Leisure

We know that if you work hard, you need to play hard too. We offer a structured and balanced leisure programme designed for you:

- **Sports**
- **Activities**
- **Competitions**
- **Student-led charity events**
- **Leadership training**
- **Teambuilding activities**
- **Cultural visits and trips**

Each activity complements the academic programme and promotes social interaction in English. You will be encouraged to learn new skills, work in a team and aim for your Personal Best.

Activities

Trip

Learning

*"It is not difficult to study during the summer, as lessons are excellent and we have lots of trips and activities, such as trip to Oxford, Black Country Museum in Birmingham or the trampolining in Bristol. Tutors do come with us on the trips and they are also happy to help if we have any problems."*

David, 13, Italy

"I want to study Medicine at University of London. From a young age saving lives has always interested me. During the course we did a lot of investigation and practical work guided by our teachers. I feel I am better prepared for my future career and have more insight into what it is to study medicine."  
Nicola, 14, Germany

## DLD College

**Location:** London

**Facilities:** modern classrooms, sports facilities, dining room, Starbucks and boarding accommodation.

**Visits to London's top attractions:** London Eye, Houses of Parliament, Westminster, National Gallery, Tower of London, London Museums, Trafalgar Square, Buckingham Palace and Madame Tussauds. You will also get to visit key UK cities outside London at the weekends such as Oxford, Cambridge, Windsor, Winchester, Brighton and Canterbury.

13 - 18 years old

## Medical Studies (London) *Read more*

**The Medical Programme is an intensive two-week course, tailor-made for students who want to study medicine.** Our interactive and innovative program is designed and led by UK medical students who can share and advise from their own personal experiences.

Our course will involve **40 hours of concentrated teaching per week.** This includes opportunities to experience and visit real clinical settings and pioneering medical research facilities. You attend a clinical workshop led by a doctor. You have medical related trips and will join the leisure programme for some weekday and two weekend trips. In addition to enriching your medical knowledge, we aim to further develop your interpersonal skills including teamwork, leadership and communication.

## The medical programme includes:

- First Aid qualification
- Medical related trips including a visit to a medical school
- Visit to a London hospital and medical research facilities
- Teamwork, communication and problem solving workshops
- Medical ethics; Clinical workshop with a doctor; Clinical scenarios
- Biology and Chemistry practicals including a heart dissection
- Personal statement and interview practice; UKCAT and BMAT
